APPLICANT: Johnson, Leslie S.
APPLICANT: Adamou, John E.
TITLE OF INVENTION: Vaccine Compositions Comp:
TITLE OF INVENTION: Pneumoniae Group A and B
TITLE OF INVENTION: Motifs
FILE REFERENCE: 469201-444
CURRENT APPLICATION NUMBER: US/09/468,656A
CURRENT FILING DATE: 1999-12-02
PRIOR APPLICATION NUMBER: 60/113,048
PRIOR APPLICATION NUMBER: 60/113,048
PRIOR FILING DATE: 1998-12-21
NUMBER OF SEQ ID NOS: 14
SEQ ID NO 11
SEQ ID NO 11
LENGTH: 2531
TYPE: DNA
ORGANISM: Streptococcus pneumoniae

; Sequence 7, Application US/09468656A
; Patent No. 6582706
; GENERAL INFORMATION:
APPLICANT: Johnson, Leslie S.
APPLICANT: Adamou, John E.
TITLE OF INVENTION: Vaccine Compositions Comprising Streptococcus
TITLE OF INVENTION: Pneumoniae Group A and B Having Selected Stru
TITLE OF INVENTION: Motifs
FILE REFERENCE: 469201-444
CURRENT APPLICATION NUMBER: US/09/468,656A
CURRENT FILING DATE: 1999-12-02
PRIOR APPLICATION NUMBER: 60/113,048
PRIOR FILING DATE: 1998-12-21
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 496
                                                                                                                                                                                                                                                                                                                  928
                                                                                                                                                                                                                                                                                                                                                    997
                                                                                                                                                                                                                                                                                                                                                                                     868
                                                                                                                                                                                                                                                                                                                                                                                                                       937
                                                                                                                                                                                                                                                                                                                                                                                                                                                            808
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                877
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   748
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     817
